Sunday Morning Bible Class Series

What happens on the lot of a movie set? Words come to life. On the lot is where the script becomes more than just words on a page, the words become actions. On the lot of our lives, what would happen if the words of the Bible became more than just words on a page? What if when you read the Bible it became more than just information you stored in your brain, but you actually tried to live those words out? You let it light your path? And once the path was lit, you stepped forward? Your relationship with God's Word could change, wouldn't it? It would become more than words, more than information-it would become part of your experience.

“And let us consider how we may spur one another on toward love and good deeds.” Hebrews 10:24
